A close-up photograph of a person's hand, wearing a black wristband, touching the chrome headlight of a car. The background is a dark, semi-transparent grid pattern. The text is centered within a white rectangular frame.

**Let us Achieve  
Your Composite  
Dreams Together**

TCM Automotive is excited to share the knowledge and experience it has acquired over 14 years of production with you, our valued customers. Since the day it was founded, it has been producing composite parts for the automotive, defense, lighting and machinery sectors with its expert staff.

Our production has a closed area of 4000 m<sup>2</sup>. Thanks to the importance it has given to quality and its determination to achieve difficulties since the day it was founded, it has become a well known and preferred brand in its sector in a short time.

Our company's unchanging principles are always quality and on-time delivery. Working with the principle of "honesty and quality in service is the guarantee of success and continuity in production", TCM Automotive thanks you for your close interest and support and will continue to serve you with determination today and in the future.
